KR-698, KR-699 and KR-700 Knife Racks

Edlund introduces our new patent pending line of knife racks with the unique v-slot insert design. Now holds almost double the amount of chef's knives as previous models plus room for smaller knives, a cleaver, steel, and even scissors, all in the same space as before. NSF Certified and dishwasher safe!

- One knife rack that does it all
- NSF Certified
- Holds 8 chef's knives, plus 2 smaller knives, 1 steel and scissors in the same space as previous models
- Insert is dishwasher safe and will not dull knives
- Stainless steel is corrosion resistant
- Knife rack skirt (models KR-699 and KR-700) protects the knives and operators from accidents
- KR-700 has stainless steel back for increased sanitation
- Patented v-slot design holds knives upright and more securely
- Made in U.S.A.

The patented approach to knife storage and protection.

The KR-698 knife rack provides a system of knife storage and retrieval while helping to maintain a sanitary environment. Open underbase allows operators to quickly select the proper knife.

Front view of the KR-699 and KR-700 (14″/35.6 cm longer skirt) with a stainless steel skirt that protects knives and operators from accidents.

Back view of the KR-699 and KR-700 shows differentiation of the KR-700's stainless steel back for increased sanitation.

KR-698, KR-699 and KR-700 Knife Racks – NSF Certified

The most advanced knife rack system in the world. Edlund's KR-698, KR-699 and KR-700 Knife Racks meet today's knife storage needs with maximum efficiency and sanitation. Keeps an even greater number of knives within easy reach. The new patented insert with v-slot design holds knives more securely and upright, yet removes for easy cleaning.
