Tomato Pro™ Manual Food Processor

Efficient. Consistent. Durable.

Prepare perfect tomato slices fast with the Redco® Tomato Pro™ Slicer. Ideal for slicing tomatoes, strawberries or mushrooms in high volume. The "positive stop" arm helps keep the Redco® Tomato Pro™ sturdy on any surface.

- Cuts up to 107 tomatoes in 12 minutes
- Easy clean-up, easy maintenance
- NSF listed
- Two-year warranty on unit*

*Warranty does not apply to blades.

HOW TO GET THE MOST FROM YOUR TOMATO PRO™:

- Use the included Redco Tomato King® Scooper to take the core out of the tomato before slicing.
- Use the Tomato Pro™ on a flat table with the "positive stop" arm secured against the edge of the table.
- Use a quick push to move the tomato through the blades.
- Keep the tomato slices together to make them last longer.
- Occasionally spray off the blades with plain water – this removes the food acids, resulting in longer blade life.
- Wash the Tomato Pro in a pot sink (Wash - Rinse - Sanitize) and allow it to air dry.
- Lubricate the rails with food grade lubricant, not food spray or cooking oils. Petrol Gel or Taylor Lube works well.
- Keep the blades tight in the frame. Simply tighten the bolts that hold in the blade assembly.
- When the blades get dull, replace them. If they get too dull or loose, they will hit the pusher fingers when slicing and then the pusher head will need replacing as well.

Tomato Pro™ with Straight Blades

Item	Description	Blade Assembly
0643N	Tomato Pro, 3/16" Cut, Straight Blades	0653
0644N	Tomato Pro, 1/4" Cut, Straight Blades	0654
0646N	Tomato Pro, 3/8" Cut, Straight Blades	0656
0643SGN	Tomato Pro, 3/16" Cut, Straight Blades w/ Safety Guard	0653
0644SGN	Tomato Pro, 1/4" Cut, Straight Blades w/ Safety Guard	0654

Tomato Pro™ with Scalloped Blades

Item	Description	Blade Assembly
0694N	Tomato Pro, 3/16" Cut, Scalloped Blades	0648
0645N	Tomato Pro, 1/4" Cut, Scalloped Blades	0652
0649N	Tomato Pro, 3/8" Cut, Scalloped Blades	0647
