

740 SERIES SINGLE-FUNCTION TIMERS

740-T2 / 740-T2 HW

740-T4

740-T8

Ideal for many kitchen applications, including monitoring frying, grilling and prep stations, and tracking coffee-making and employee handwashing. Quite simply, if a kitchen task needs to be timed or monitored, Prince Castle timers can help manage these tasks.

These simple-to-use timers countdown in hours and minutes or minutes and seconds. Up and down scan buttons make each channel easy to program. Each channel is activated with a push of a button. A digital channel display shows the active channel.

LED channel indicators change colors during the timing cycle depending on the stage of the countdown: the light is green during the first 70% of the cycle, then turns yellow during the next 20% of the cycle, and finally turns red during the last 10% of the cycle. A dual tone volume alarm and flashing channel indicator alert the operator when timing is complete.

The 740-T2HW handwashing timer is pre-programmed for a one-hour cycle.

NEXT GENERATION OF TIMING:

The next generation of timing systems is here. The 740 Series Single-Function Timers are designed to be easier to use, give you more flexibility, and ensure utmost accuracy. The 740 Series timers feature an ultra-slim design with a "fat plug" transformer. Two, four, eight and twelve channel units are available.

STANDARD FEATURES:

- Digital channel display shows the active channel.
- New multi-colored LED channel indicators show the status of the timing cycle and provide early warning as the countdown expires.
- Lightweight ultra-slim 1 inch (2.5 cm) thick design and extra long 10 foot (3 m) line cord let you mount these units virtually anywhere.
- Each channel can be programmed independently, and all channels can be used simultaneously.
- The two-tone alarm is adjustable for either high or low sound levels.
- Includes menu labels to identify channels: Burgers, Steak, Chicken, Fish, Fries and blank stickers.

- Includes set of 3^{1/2} inch (8.9 cm) mounting brackets. For increased mounting flexibility, flush mount brackets are available.
- One year warranty.
